## Driving DC efficiency with Image Technology:

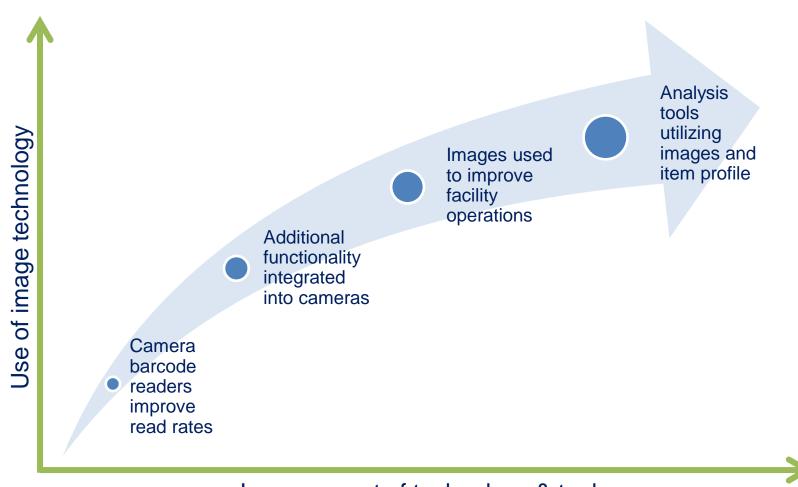

A picture is worth a thousand words...or more

## Image Technology & DC Operations

Improvement of technology & tools

## **Barcode Reading**

Damaged codes

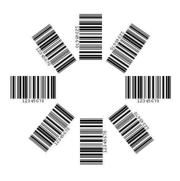

High transport speeds

#### Noisy codes

Orientation

Specular issues

Low aspect ratio

**VS** 

Low quality codes

**Poorly** Printed

Folds / **Tears** 

Obstructions

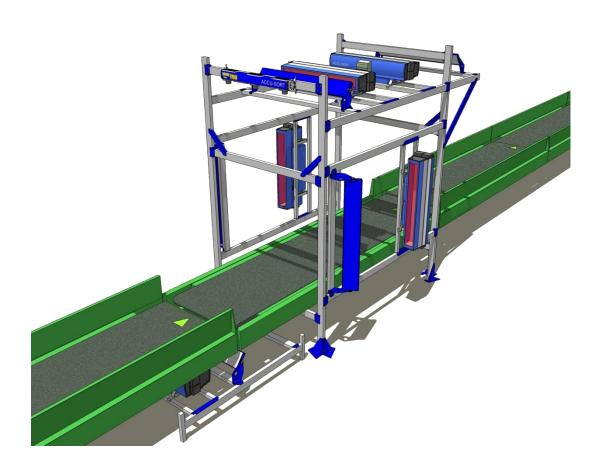

Low Contrast

## The problem with just reading barcodes \*DATALOGIC

### This is What You're Worried About

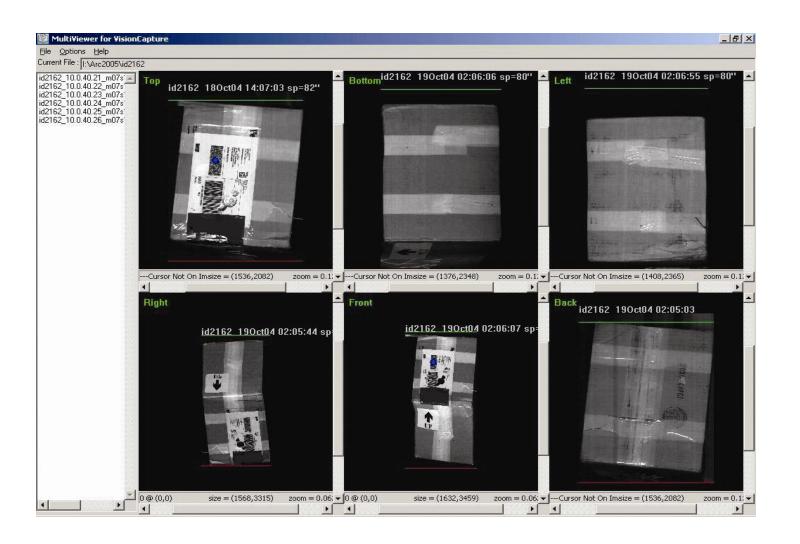

### No read analysis

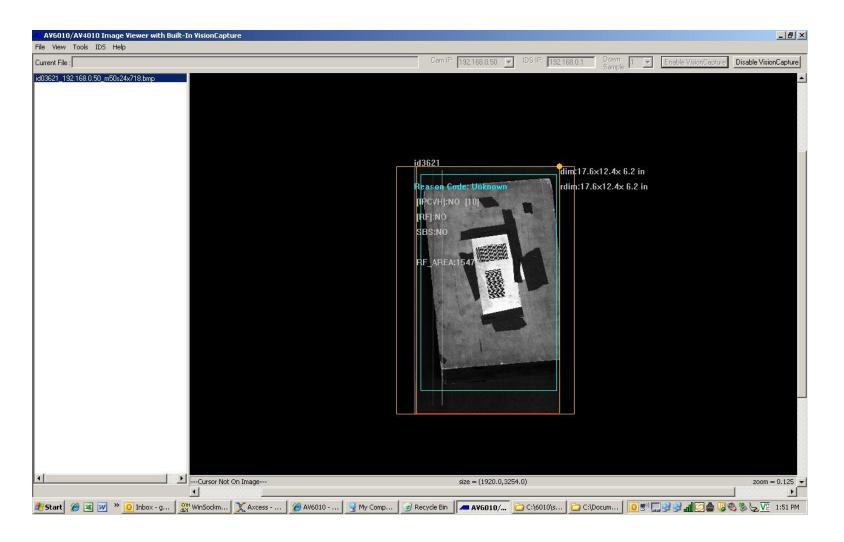

### Revenue Recovery

#### Courier express parcel

## Spatial Management

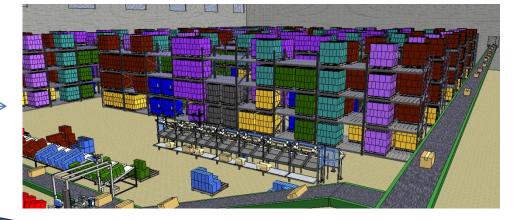

#### Department store retailer

| Section | Control | Cont

Carton DIM data used for storage allocation in the DC

Use dimension data for trailer utilization tracking

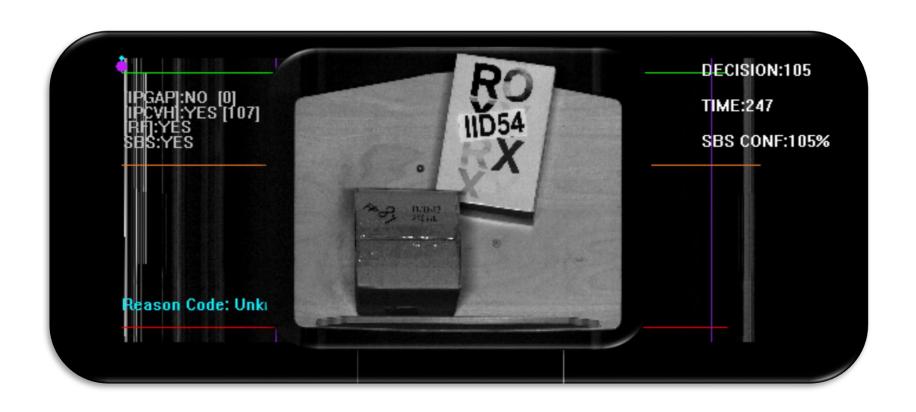

## Side-By-Side Detection

#### General discount retailer

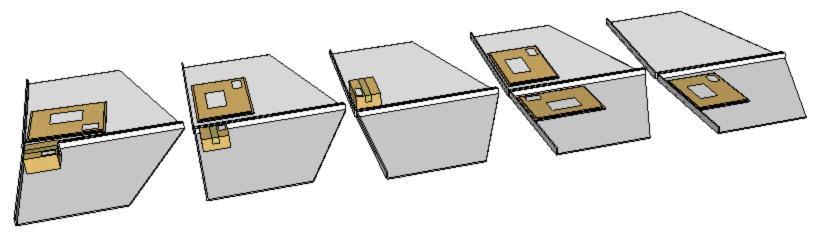

## **Empty Tray Detect**

## **DATALOGIC**INDUSTRIAL AUTOMATION

### Electronic component distributor

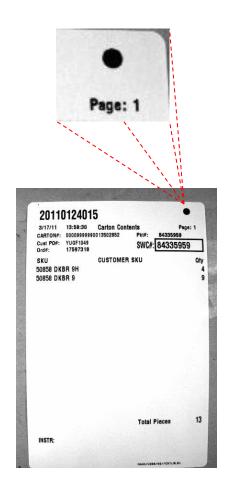

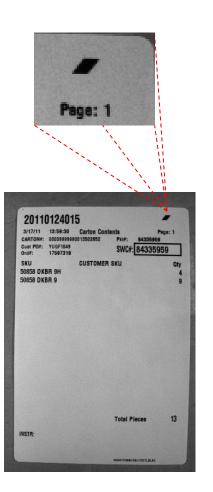

#### LPA verification

## **DATALOGIC**INDUSTRIAL AUTOMATION

### Footwear apparel

## **Loss Prevention**

## **ODATALOGIC**INDUSTRIAL AUTOMATION

### Liquor distribution

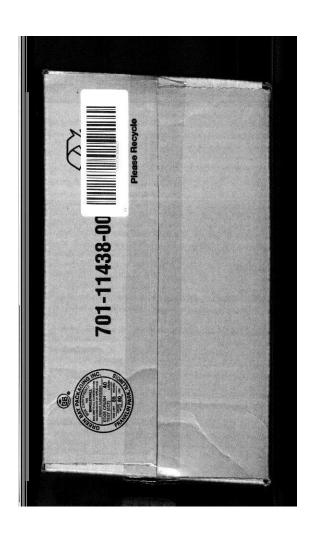

### **Loss Prevention**

## **ODATALOGIC**INDUSTRIAL AUTOMATION

#### eCommerce retailer

## Save Every Image

#### Content verification

#### Convenience store distribution

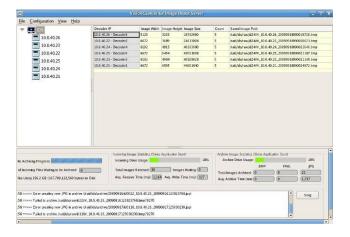

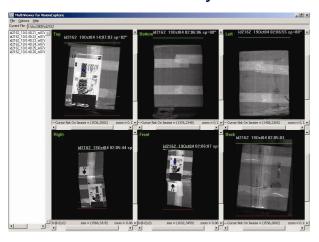

### **Beyond Barcodes**

#### Saving Images

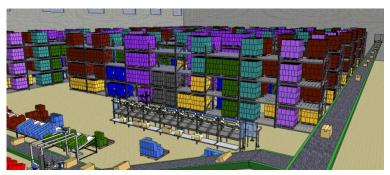

#### No-read analysis

#### SBS detection

#### Spatial management

# OPEN 010-HAND CANCELLED

Label compliance

Carton sizes

Loss Prevention

#### Other Operations

Shipper claims
